

Annual Report - 1st Vice President
May 2008

It has been my pleasure and honor to serve as 1st Vice President of the FCABC for 2007-2008. It has been an active year with interesting and rewarding activities. The executive meetings have been lengthy but much has been accomplished. The President's and Administrator's reports cover the executive meetings challenges and results in greater detail.

I attended at the Zone 2 and Career Chiefs meetings where local, regional and provincial issues were raised and where necessary referred to the FCABC executive for information/comment and possible resolution.

I have remained in contact and have been available to the active committees of the FCABC for which the 1st Vice President is responsible.

The Retired Chief Officers Committee was revamped and reinvigorated. My thanks to Lorne Pearson, Rusty Phillips et al.

Along with other members of the executive, we worked with the trades director to produce the FCABC Briefing Book. This is an outstanding document that can serve the Association for years to come.
