

Annual Report – Zone 3 Director

May, 2008

Zone 3 members have met once since last year's convention. The meeting was hosted in Vernon with excellent membership representation.

Zone 3 was fortunate in having a number of Fire Chiefs reporting on a very active training year throughout the zone and general discussions on common issues and concerns.

There has been some movement in our zone with Chief Jeff Carlisle replacing Chief John Lysholm at Vernon Fire Rescue and Dianne Smith replacing Dan Gannon as the Manager – Support Services at Kamloops Fire Rescue.

On a Provincial level Rebecca Denlinger replaces David Hodgins as the BC Fire Commissioner.

I had the opportunity to update our membership by presenting the blog update regarding the Fire Service Liaison Group progress so far. This presentation was narrated by past President Richard Lawrie and focused on past, present and future needs of the BC Fire Service and was well received by all in attendance.

I would like to take this opportunity to thank Chief Gord McCleary (Big White) for documenting our meeting minutes over the past year and to also thank all zone 3 members for their ongoing input and support.

Respectfully submitted,

R.E. (Rick) Owens
Director Zone 3
