

## Annual Report – Zone 5 Director

May, 2008

There are 96 listed departments in Zone 5 as of January, 2008. During the past year I have sent out emails to all that are listed asking about any concerns issues that are out there as well as notifying everyone of zone meetings and some training opportunities.

About one quarter of the 96 departments respond to requests for information or contact the Zone Director of any issues, concerns, or information.

One issue that we have in the Regional District of Fraser Fort George is with the Justice Institute and EMA licensing. The time it takes to set up training dates, testing and finally getting to use the training takes far too long for areas in the North.

During the last year I have attended 4 executive board meetings 2 zone and 1 sub zone meeting on your behalf. To be able to work on your behalf, I need to know what the issues are and have the correct email address for your department. If there is a change in leaders in your department, please pass along the new names and address.

In closing I would like to ask that you all send your thoughts and prayers to Retired Chief Dale Moon, Williams Lake, and Retired Chief Dennis Montgomery, Mackenzie and their families during the battles with illness.

Respectively submitted

Bryant Kemble  
Zone 5 Director
